

SIU Pediatric Residency Program **Morbidity & Mortality Education Series**

March 31, 2025

8:00am – 9:00am

Location: MOB 1030A/B or WebEx

<https://siumed.webex.com/siumed/j.php?MTID=md3b479e509e9710219e1eedff750ca88>

Meeting number (access code): 2499 552 5730

Meeting password: pedsMM24-25

Case Discussed: Orchiectomy and Small Bowel Resection in 22-Day Old with Incarcerated Right Inguinal Hernia

Speaker: Daniel Yoakum, M.D.

Disclosures:

Bryan Combs, MD, Course Director for this educational event, has no relevant financial relationship(s) with ineligible companies to disclose.

Presenter: Daniel Yoakum, MD has no relevant financial relationships with ineligible interests to disclose.

Learning Objectives:

At the conclusion of this activity, learners should be able to:

- examine ways to enhance preoperative evaluation, communication, and readiness to improve surgical outcomes.
- learn about the potential risks and complications (e.g., testicular removal) associated with delayed intervention in cases of inguinal hernias.
- identify system-level gaps that may contribute to delayed diagnoses in pediatric care, with a focus on improving communication and referral pathways.
- explore strategies to improve interdisciplinary collaboration between primary care providers, specialists, and caregivers.

ACCREDITATION and CREDIT DESIGNATION:

Southern Illinois University School of Medicine is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

SIU School of Medicine designates this live activity for a maximum of **1.0 AMA PRA Category 1 Credit(s)™**. Physicians should claim only the credit commensurate with the extent of their participation in the activity.
